

Part 1:

```
#include "library.h"
```

```
void main()  
{ print("Greetings, Human!");  
  new_line();  
  print("2 plus 3 is ");  
  print(2+3);  
  new_line(); }
```

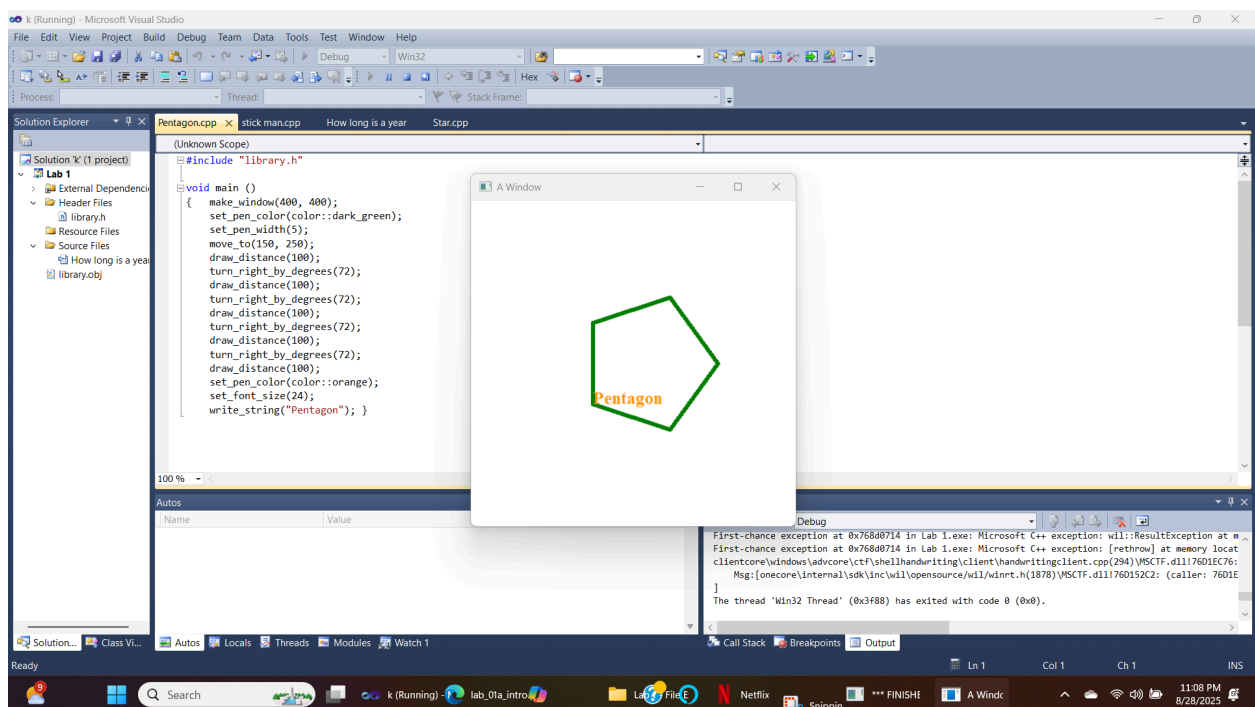

Part 2: Pentagon

```
#include "library.h"
```

```
void main ()
```

```
{    make_window(400, 400);  
    set_pen_color(color::dark_green);  
    set_pen_width(5);  
    move_to(150, 250);  
    draw_distance(100);  
    turn_right_by_degrees(72);  
    draw_distance(100);  
    turn_right_by_degrees(72);  
    draw_distance(100);  
    turn_right_by_degrees(72);  
    draw_distance(100);  
    turn_right_by_degrees(72);  
    draw_distance(100);  
    set_pen_color(color::orange);  
    set_font_size(24);  
    write_string("Pentagon"); }
```

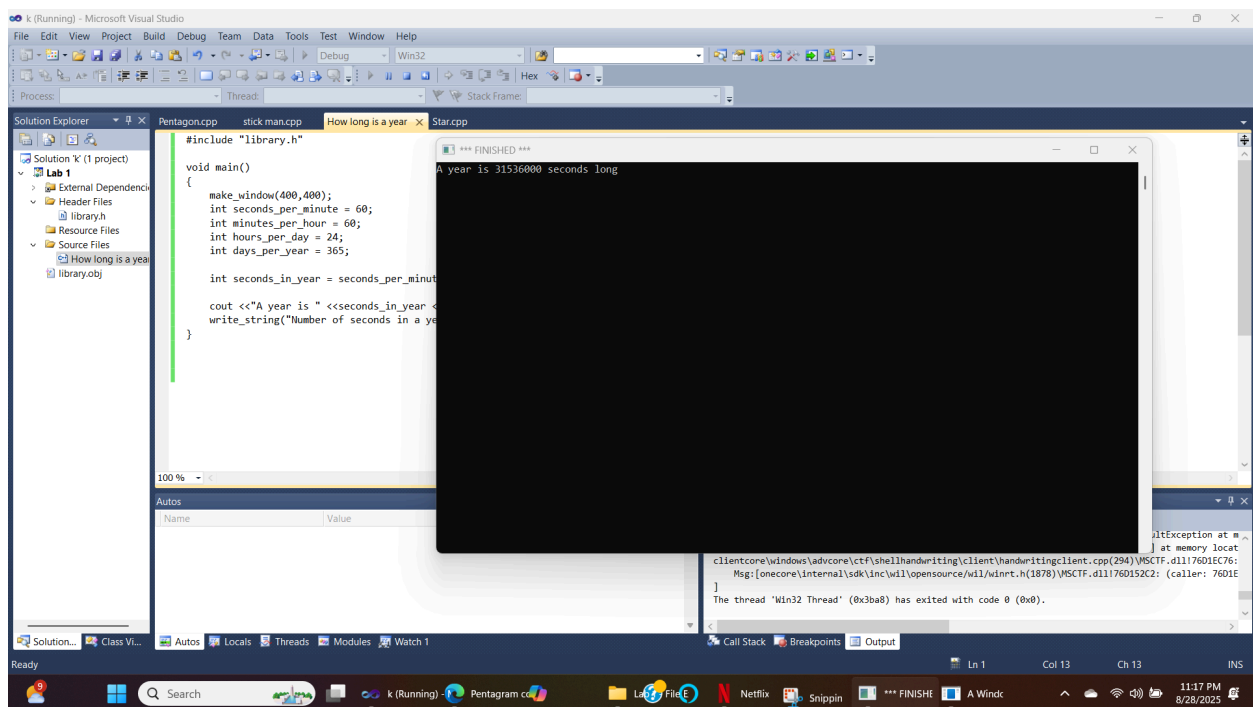

A. How long is a year?

```
#include "library.h"

void main()
{
    make_window(400,400);
    int seconds_per_minute = 60;
    int minutes_per_hour = 60;
    int hours_per_day = 24;
    int days_per_year = 365;

    int seconds_in_year = seconds_per_minute * minutes_per_hour * hours_per_day *
days_per_year;

    cout << "A year is " << seconds_in_year << " seconds long" << endl;
    write_string("Number of seconds in a year");
}
```

B. Black Magic, stars

```
#include "library.h"

void main()
{
    make_window(400,400);
    set_pen_color(color::dark_green);
    set_pen_width(5);
    move_to(200,200);
    draw_distance(200);
    turn_right_by_degrees(144);
    new_line();
    draw_distance(200);
    turn_right_by_degrees(144);
    new_line();
    draw_distance(200);
    turn_right_by_degrees(144);
    new_line();
    draw_distance(200);
    turn_right_by_degrees(144);
    set_pen_color(color::orange);
    set_font_size(24);
    write_string("star");
}
```

C. Stick men, round heads

```

#include "library.h"

void main()
{
    make_window(400,400);
    set_pen_color(color::purple);
    set_pen_width(5);
    move_to(180, 100);
    draw_distance(40);
    turn_right_by_degrees(90);
    draw_distance(40);
    turn_right_by_degrees(90);
    draw_distance(40);
    turn_right_by_degrees(90);
    draw_distance(40);
    turn_right_by_degrees(90);
    move_to(200,200);
    new_line();
    draw_distance(100);
    move_to(200,130);
    new_line();
    turn_right_by_degrees(120);
    draw_distance(50);
    move_to(185,140);
    new_line();
    turn_left_by_degrees(60);
    draw_distance(20);
    move_to(185,140);
    new_line();
    turn_left_by_degrees(100);
    draw_distance(30);
    move_to(200,200);
    new_line();
    turn_left_by_degrees(100);
    draw_distance(50);
    move_to(245,225);
    new_line();
    turn_right_by_degrees(80);
    draw_distance(50);
    set_pen_color(color::green);
    set_font_size(24);
    move_to(100,300);
    write_string("stick man with left arm raised");
}

```
